1. Aims

This policy aims to:

- Provide a consistent approach to behaviour management
- Define what we consider to be unacceptable behaviour, including bullying
- Outline how students are expected to behave
- Summarise the roles and responsibilities of different people in the school community with regards to behaviour management
- Outline our system of rewards and sanctions

2. Legislation and statutory requirements

This policy is based on advice from the Department for Education (DfE) on:

- [Behaviour in Schools \(February 2024\)](#)
- [Searching, Screening and Confiscation](#)
- [Suspension and Permanent Exclusion \(August 2024\)](#)
- [The Equality Act 2010](#)
- [Use of reasonable force in schools](#)
- [Supporting students with medical conditions at school](#)

It is also based on the [special educational needs and disability \(SEND\) code of practice](#).

In addition, this policy is based on:

- Section 175 of the [Education Act 2002](#), which outlines a school's duty to safeguard and promote the welfare of its students
- Sections 88-94 of the [Education and Inspections Act 2006](#), which require schools to regulate students' behaviour and publish a behaviour policy and written statement of behaviour principles, and give schools the authority to confiscate students' property
- Schedule 1 of the [Education \(Independent School Standards\) Regulations 2014](#); paragraph 7 outlines a school's duty to safeguard and promote the welfare of children, paragraph 9 requires the school to have a written behaviour policy and paragraph 10 requires the school to have an anti-bullying strategy
- [DfE guidance](#) explaining that academies should publish their behaviour policy and anti-bullying strategy online

3. Schools Behaviour Statement

We are a trauma perceptive practice (TPP) school. Treating students with compassion and kindness giving them a sense of connection and belonging is integral to our behaviour approach. TPP enables all adults to recognise and respect supportively to all students, helping build an understanding of why behaviours occur.

Behaviours and consequences are considered with this model to ensure all students make progress with their learning.

- No student's behaviour or attitude should ever be allowed to impact negatively upon the learning and/or welfare of another student.
- No student's behaviour or attitude should ever be allowed to impact negatively upon the health and safety of another student.
- All staff (teaching and non-teaching) must accept their responsibility for developing good standards of student behaviour and attitude, so that all students are able to learn and progress into Further Education, Higher Education or employment.
- It is the responsibility of the Headteacher and Senior Staff to set out and regularly update the practical principles and procedures for managing behaviour, so that parents and students can know in advance what is appropriate and can make positive choices about their behaviour.
- The management of behaviour must be clear and consistent so that students, parents and staff have certainty about how the policy will be applied, thus enabling students to take decisions to change their behaviour in order to avoid consequences.
- Behaviour will be managed using a combination of positive rewards and consequences (sanctions). Consequences should ultimately be designed to change behaviour.
- There will be a graduated set of measures, indicating the increasing seriousness of matters.

Misbehaviour can be defined as:

- Disruption in lessons, in corridors between lessons, and at break and lunchtimes
- Non-completion of classwork or homework
- Poor attitude
- Incorrect uniform

Serious misbehaviour can be defined as:

- Repeated breaches of the school rules
- Failure to hand over mobile phones/technology
- Any form of bullying
- Sexual assault, which is any unwanted sexual behaviour that causes humiliation, pain, fear or intimidation.
- Use of social media to hurt, intimidate or offend.
- Vandalism
- Theft
- Fighting
- Smoking/Vaping
- Racist, sexist, homophobic or discriminatory behaviour
- Possession of any prohibited items. These include:
 - Knives or weapons
 - Alcohol
 - Illegal drugs
 - Stolen items
 - Tobacco and cigarette papers
 - Vapes and vaping accessories
 - Fireworks
 - Pornographic images
 - Any article a staff member reasonably suspects has been, or is likely to be, used to commit an offence, or to cause personal injury to, or damage to the property of, any person (including the student)

These lists are indicative but not exhaustive

4. Bullying

Bullying is defined as the repetitive, intentional harming of one person or group by another person or group, where the relationship involves an imbalance of power.

Bullying is, therefore:

- Deliberately hurtful, emotionally or physically
- Repeated, often over a period of time
- Difficult to defend against
- Often aimed at certain groups

Bullying can include:

Type of bullying	Definition
Emotional	Being unfriendly, excluding, tormenting, teasing
Physical	Hitting, kicking, pushing, taking another's belongings, any use of violence
Racial	Racial taunts, graffiti, gestures

Sexual	Explicit sexual remarks, display of sexual material, sexual gestures, unwanted physical attention, comments about sexual reputation or performance, or inappropriate touching
Direct or indirect verbal	Name-calling, sarcasm, spreading rumours, teasing
Cyber-bullying	Bullying that takes place online, such as through social networking sites, messaging apps or gaming sites

For further guidance on bullying please refer to our [Anti-Bullying policy](#):

5. Roles and responsibilities

5.1 The Trust Board

The Trust Board is responsible for monitoring this policy's effectiveness and holding the Headteacher to account for its implementation.

5.2 The Headteacher

The Headteacher is responsible for reviewing and approving this behaviour policy.

The Headteacher will ensure that the school environment encourages positive behaviour and that staff deal effectively with poor behaviour, and will monitor how staff implement this policy to ensure rewards and sanctions are applied consistently.

5.3 Staff

Staff are responsible for:

- Implementing the behaviour policy consistently
- Modelling positive behaviour
- Following & implementing a TPP Approach
- Providing a personalised approach to the specific behavioural needs of particular students
- Recording behaviour incidents

The senior leadership team will support staff in responding to behaviour incidents.

5.4 Parents

Parents are expected to:

- Support their child in adhering to the student code of conduct
- Inform the school of any changes in circumstances that may affect their child's behaviour
- Discuss any behavioural concerns with a member of staff at the school promptly.

6. Student code of conduct

The Basildon Academies aspires to ensure that all members of the community feel safe, secure and valued at school. To make certain this happens, we feel that it is important to teach all members of the community to work, play and cooperate with each other. This will lead to a community based on mutual respect and trust where we can work together in a supportive way. All members of the community need to be aware of issues of right, wrong, fairness, justice and tolerance. This is to be achieved through praise, restorative practices and open conversations.

The Aims for our school:

- **Safe:** To have a safe and supportive environment which encourages the building of positive relationships, self-esteem, understanding and concern for all.
- **Healthy:** To be as healthy (physically, mentally and socially) as possible and support others to make healthy choices too.
- **Achieving:** To be creative, risk-taking, determined and reflective in all that we do and develop a growth mind set in order to achieve our potential through a wide range of experiences both in and out of school.

- **Nurtured:** For everyone to feel listened to, cared for, supported, protected and valued without judgement
- **Active:** To be actively engaged and motivated in all that we do.
- **Respected:** To have positive relationships and everyone's opinions and unique qualities to be respected and valued.
- **Responsible:** For everyone to be proud of and to take appropriate responsibility within our community and be accountable both independently and as a team.
- **Included:** To overcome inequalities and for everyone to have a voice in finding solutions to foster the development of positive relationships.

We have very simple and clear expectations outlined in the BA Way Charter, please refer to Appendix 1.

7. Rewards and sanctions

7.1 List of rewards and sanctions

Positive behaviour will be acknowledged in a range of ways:

- Praise
- Credits
- Attendance
- Achievements
- Letters or phone calls home to parents
- Special responsibilities/privileges
- VIPA
- Celebration events
- Trips and or visits/activities

Financial rewards will not normally be given to students unless explicitly authorised by the Headteacher, or relevant delegated manager.

The school may use a range of sanctions which can include:

- Charging for damage or loss
- Detention before, during or after the Academy day
- Correction of uniform infringements
- Community service (such as litter collection, cleaning or repairing things)
- Removal from Academy life to a designated area
- Internal Exclusion in Return to Learn
- Education Offsite – Offsite direction
- Loss of break and/or lunchtime privileges
- Loss of free periods
- Loss of involvement in activities, trips or events
- Fixed Term Suspension
- Permanent Exclusion

We may use the Return to Learn rooms in response to serious or persistent breaches of this policy. Students may be sent to the Return to Learn room during lessons if they are disruptive, and they may be expected to complete the same work as they would in class.

7.3 Student charges for loss or damage

- Students who lose or damage Academy property can be billed for reasonable replacement costs. Failure to pay might lead to additional sanctions until such time as the payment is made.
- The Academy will not take responsibility for the loss of, or damage to, student property, particularly those which are banned or prohibited by the Academy.
- Items brought onto the Academy site are done so at the owner's risk.

7.4 Off-site behaviour

Sanctions may be applied where a student has misbehaved off-site when representing the school, such as on a school trip or on the bus on the way to or from school. Sanctions can also be applied for behaviour in the community.

7.5 Malicious allegations

Where a student makes an accusation against a member of staff and that accusation is shown to have been malicious, the Headteacher will discipline the student in accordance with this policy. Please refer to our safeguarding policy for more information on responding to allegations of abuse. The Headteacher will also consider the pastoral needs of staff accused of misconduct.

8. Behaviour management

Staff should praise in public, reprimand in private and be clear, calm and firm.

- Praise should always be as specific, targeted, public and as sincere as you can make it. This is what gives it power.
- Reprimand should be calm, private conversations or re-directions that only the child who it is intended for can hear.
- Speak to students calmly, with respect and be positive.
- We never shout, express negativity, or use sarcasm and derogatory tones.

9. Classroom management

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the classroom.

They will:

- Create and maintain a stimulating environment that encourages students to be engaged
- Refer to the student code of conduct or their own classroom rules
- Develop a positive relationship with students, which may include:
 - Greeting students in the morning/at the start of lessons
 - Establishing clear routines
 - Communicating expectations of behaviour in ways other than verbally
 - Highlighting and promoting good behaviour
 - Concluding the day positively and starting the next day afresh
 - Having a plan for dealing with low-level disruption
 - Using positive reinforcement
 - Praise in public and reprimand in private
 - A TPP approach

9.1 Detention before or after the academy day

- Detention can be used as a sanction and the different forms of detention will be spelled out clearly so that students are all treated consistently. There should be no choosing or negotiating different forms of detention for individuals.
- Detentions should be set and take place as quickly as possible to ensure that the link between cause and sanction is clear in the student's mind.
- A range of detentions may be used, increasing in length of time to reflect increasing seriousness.
- Detention at the end of the day should be the normal form of detention but it is recognised that organisational and punctuality problems may best be dealt with through a detention at the beginning of the day.
- Changes to legislation in 2011 mean that it is no longer necessary to give parents 24 hours notice of a detention. The academy should nevertheless take reasonable steps to give appropriate notification.

10. Uniform, equipment and sending home students

- Students arriving without appropriate uniform or equipment, or with an appearance contrary to rules may be sent home to change. It is preferable for them to be educated apart from other students until the problem is rectified.

10.1 Mobile Phones

Mobile phones, ear pods and headphones must not be seen or heard anywhere on the school site, inside or outside the buildings. This includes before and after school.

If mobile phones and prohibited devices are seen or heard then staff will confiscate items. They will be placed in reception for collection at the end of the school day.

Repeated use or refusal to hand over the phone will result in an escalation of consequence.

11. Community Service

Students may be set community service where it is an appropriate sanction or remedy for a specific issue or problem. Examples might include eating or drinking around the buildings, damage to academy buildings or property. This may take place during the academy day and/or as part of a detention or other sanction.

12. Removal from academy life

Students can be removed from wider academy life for a period of time under the following circumstances:

- a) Failure to adhere to the behaviour expectations
- b) Engaging in actions that deliberately place another student or member of staff at risk
- c) Leaving class without permission
- d) Where an action has escalated to this point, either as part of the consequences system or in virtue of continued refusal to respond to lower level sanctions
- e) Where an action cannot be managed using a series of consequences (eg outside of a classroom where there is nowhere to record and so manage 'steps')
- f) Where there is a risk of disruption to the learning and/or welfare of others
- g) Where a matter needs investigation or further attention
- h) Where safety and/or good order require a student to remain under supervision in a specific place during unstructured time (break, lunch, etc)
- i) Failing to show the capacity to follow instructions
- j) Failing to adhere to mobile phone expectations

When removed from wider academy life, students' education and welfare should be appropriately monitored and promoted.

12.1 Internal Exclusion

- Internal Exclusion is a very serious sanction. It is equivalent to a period of fixed term suspension, albeit with the student kept on site, in a specified place, removed from the wider academy life.
- Students who are internally excluded may work to a different academy day, which may be longer and which may involve no contact with other students from their year group. They may also work on a different academy site.

12.2 Education offsite

- Where there is a serious concern about how a student is responding to other measures, the student may be educated offsite for a period of time. This could involve students being educated at another academy or school, or at another location which has been confirmed as appropriate.
- Education offsite may be combined with referrals to other agencies or organisations, providing a way of breaking negative patterns of behaviour which a student had got into or providing additional expertise or input to help change behaviour.

12.3 Loss of break or lunchtime privileges

- Students may be asked to report to a specific place at break or lunchtime so that their break is taken in a designated place under supervision.
- Students detained at break or lunchtime should have access to appropriate nourishment.

12.4 Loss of free periods

- Students who have “free periods” in their timetable (eg Sixth Form) may have their free periods taken away and be required to report instead to a specific place for study.
- The number of free periods and the duration of the loss can be varied as seems appropriate to deal with severity of a specific problem.

12.5 Loss of involvement in activities, trips or events

- Where a student’s behaviour means that there is an increased risk in involving the student in a particular activity, trip or event, the student may be withdrawn until such time as the risk is judged to be reduced.
- The Academy may specify criteria to take part in certain events or activities and students who do not achieve the specified criteria will not be eligible to take part in such activities
- When setting a point/credit level which a student has to achieve in order to take part in an event, the Academy may also determine that negative behaviour can remove credits/points.

13. Fixed Term Suspension

A fixed term suspension is a serious consequence and should only take place when:

- a) there has been an appropriately serious breach of rules
- b) where there is a serious risk to the education or wellbeing of other students in keeping the student on site
- c) where a student’s defiance has reached such a point that the student has become uncontrollable and so it has become ‘unsafe’ to keep the student on site
- d) where there is a high risk that a student will become permanently excluded and so there is a need to consult with other agencies and plan to put in place alternative strategies or education for the student before readmitting them to the academy
- e) Failure to adhere the conditions of a risk assessment that has been put in place

A decision to suspend a student is based on a balance of probabilities concerning both what has happened and/or the risk of what may happen next. The decision to suspend a student must be reasonable and fair.

Individual fixed period suspensions will be for the shortest time necessary, bearing in mind the issues of consistency and aggravating/mitigating features and escalation where there may be a pattern of factors or behaviours to consider.

Only the Headteacher can exclude or suspend a student and this must be on disciplinary grounds.

The Academy’s legal duty of care should be upheld when sending a student home following an exclusion or suspension.

14. Permanent Exclusion

A decision to exclude a student permanently is a serious one and will only be taken where the facts have been clearly established on the balance of probabilities.

Permanent Exclusion based on a series or pattern of behaviour is a judgement that the student is demonstrating ‘persistent defiance’. That is a refusal to comply or respond to the academy which has persisted over time, despite a range of interventions by the academy and for which there is no reasonable prospect that the student will change their behaviour.

Permanent Exclusion based on a ‘one-off’ offence will occur where there is

- serious violence, actual or threatened, against another student or a member of staff;
- sexual abuse or assault;
- arson or serious damage;
- supplying an illegal drug; or
- carrying an offensive weapon

15. Use of sanctions for actions covered by criminal or civil law

- Appropriate matters or incidents covered by criminal or civil law can be referred to the police, or other relevant agencies, as dictated by the nature of the incident or matter.
- Where an incident or matter is subject to investigation by the police or other agencies, the Academy will take appropriate advice before proceeding with its own investigations or

actions, so as not to prejudice any case which should subsequently be taken forward in court.

- It is not appropriate for the Academy to report incidents to the police where it itself is not the victim. Safeguarding Leads and their Deputies can make a judgement to liaise with the external agencies if a wider safeguarding risk is perceived.

16. Physical restraint

- Staff have the authority to use reasonable force to safeguard the wellbeing of students, to prevent damage to property and/or to prevent good order and discipline being lost. The use of reasonable force does not include chastisement or punishment.
- Only staff who have received appropriate training should use restraint to hold back physically, or to bring a student under control.
- The Academy will make reasonable adjustments in the use of force for disabled students and children with SEND but the overriding priority in situations where force is necessary is trying to ensure the safety and wellbeing of all those present.

17. Screening, Searching and Confiscation

- The Headteacher has authority to carry out any necessary searches, with or without parental consent. Additional staff may be called upon to have the delegated authority to do so also.
- Appropriate staff can search students for any item which represents a danger or risk to good order within the academies, or which is banned by Academy rules. Items such as weapons, alcohol, illegal drugs, pornographic materials may be seized and disposed of. The Headteacher can use their discretion to confiscate, retain and destroy any items which have been found.
- Searches of students' property should always normally be done with the student present, except where this would lead to an unreasonable delay or impediment to resolving the matter. CCTV can be used to establish the grounds for a search, although there is no requirement to share this footage with parents or students.
- Searches should always be carried out by two members of staff, unless there is a serious situation where delay would lead to an unacceptable increase in risk to safety or wellbeing. At least one of the two members of staff should normally be the same gender as the student, unless there is a sufficiently serious or urgent need which prevents this. The DfE guidance in relation to searching & confiscation should be adhered to: [DfE: Searching and Confiscating](#)

18. Student support & multi agency approach

- The school recognises its legal duty under the Equality Act 2010 to prevent students with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the student.
- The school's special educational needs co-ordinator (SENCO) will evaluate a student who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.
- Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.
- When acute needs are identified in a student, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.
- The Academy Wellbeing Centres are available to all students requiring access to specialist outside agencies to support wellbeing.

18.1 Students with Special Educational Needs

The Academy will pay due regards to appropriate guidance on the education of children with Special Educational Needs, making the reasonable adjustments where ever possible, which are conducive to maintaining consistency with good order and discipline.

19. Parents role in ensuring good behaviour

Parents and Carers sign a Home-Academy agreement which outlines the responsibilities of parents and academy staff, role modelling this to students at all times. This includes expectations concerning behaviour, attendance and use of electronic devices.

BA WAY Charter

Appendix 1

BA-Way		
Ready (Aspire)		Why we do this
- I arrive on time - I arrive in full uniform - I line up ready for class	because...	- if I am late, I will miss important information about the lesson and disrupt others who have already started. - it shows you take pride in your appearance and recognise you are ready to learn. It maximises learning time as conversations about not doing the right thing are minimised. - it makes sure lessons start positively as everyone is entering calmly and ready to learn.
Responsible (Believe)		
- I take pride and care in my work - I walk calmly in the corridors - I treat everyone with respect	because...	- it shows I take responsibility for my learning. By doing my best and continually improving, I gain the most from my experiences, support my personal growth and academic success. - it shows my responsibility and respect for everyone's learning, this creates a peaceful and focused atmosphere that allows everyone to learn. - everybody has the right to feel valued, confident and safe. Respect other peoples' views, opinions and cultures. It is unacceptable to make offensive comments.

BA-Way

Resilient (Achieve)		Why we do this
• I attempt all learning episodes to the best of my ability • I repair relationships when they break down through restorative conversations • I attend a range of enrichment activities during and after school • I will develop the ability to identify, talk about and use strategies to help regulate my emotions.	because...	• It's a reflection of my dedication to learning and my commitment to making sure that I achieve my best. • it creates a positive learning environment that allows everyone to work together in a supportive way. • it enhances my learning experience, helps me discover new interests, and broadens my skills and knowledge. • to be able to regulate emotions is key to being able to learn effectively and is a life skill that helps to develop resilience and independence.

BA-Way			
Support	Positive behaviour for learning is key to academic and personal success.		
Examples	Examples	Impact on learning and safeguarding	Consequence could include
Wellbeing Centres Counselling Educational Psychology School Nurse support Uniform Support including the exchange Out of lesson pass Wellbeing pass Sensory room Subject interventions Tutoring Lunch time clubs TA support ATF Football Beyond Borders Self-esteem programmes Nurture groups Adjusted timetables Off-site direction Summer School Afterschool Clubs Out of Hours Learning One Planning Agreed reasonable adjustments	Be on time.	Disrupts the learning for you and others.	Detention/loss of social times (complete missed learning)
	Engage in learning episodes.	Not engaging in your lessons affects your learning and the learning of others.	C1-3
	Wear uniform correctly.	Correct uniform creates a sense of belonging and identity that is to be respected.	C5
	Attend your lesson.	Choosing not to attend school or classes without a valid reason interrupts your learning making it hard to achieve.	Risk Assessment C5
	- Respecting each other . - Respecting your school environment.	- Respect issues, whether verbal or physical, create a hostile or unsafe academy environment. - Not respecting your school can affect your progress, and lead to health and safety concerns for you and others.	C5 Suspension
